

22nd EWOG-MDS and 4th EWOG-SAA

Working Meeting

**Lindner Hotel & Residence MAIN PLAZA
Walther-von-Cronbergplatz 1
60594 Frankfurt/Main**

April 16 - 17, 2010

Friday, April 16, 2010
12.00 Lunch
13.00 Welcome

Peter Bader, Franco Locatelli

Session I Chair: Henrik Hasle, Marry van den Heuvel-Eibrink

13.05 Juvenile myelomonocytic leukemia

Role of CBL mutations in myeloproliferative disorders (10 + 5 min)	Charlotte Niemeyer
Aberrant DNA methylation characterizes a subtype of JMML with poor outcome (10 + 5 min)	Christian Flotho
ALK-Rearrangements in myeloproliferative disorders (10 + 5 min)	Arndt Borkhardt

13.50 Reference pathology

Interim report (5 min)	Irith Baumann
DCOG pathology review (10 + 5 min)	Valerie de Haas
Results of pathology review on hypocellular RC (10 + 5 min)	Stephan Schwarz
Topics for the pathology group (10 min)	Irith Baumann

14.30 Chromosomes, genes and cells in advanced MDS

Cytogenetics (10 + 5 min)	Gudrun Göhring
Update on the molecular studies in MDS (15 + 5 min)	Andrika de Vries
Previously unrecognized Li-Fraumeni syndrome in children with brain tumour followed by MDS (10 min + 5)	Stefan Pfister
The Vidaza trial study (10 + 5 min)	
Presentation on mesenchymal stem cells in MDS (10 min + 5)	Lynn Ball

15.45 Coffee break (pathologists depart for pathology)

Session II Chair: Charlotte Niemeyer, Jan Starý

16.15 HSCT in MDS and AML: Can we justify different preparative regimens?

Important questions and trends (10 + 5 min)	Franco Locatelli
BuCyMel preparative regimen: update on the EWOG-MDS experience (30 + 10 min)	Brigitte Strahm
Preliminary data on a treosulfan-based regimen (15 + 10 min)	Brigitte Strahm
The AIEOP experience of HSCT of AML (15 + 10)	Franco Locatelli
HSCT in the BFM AML studies (15 + 10)	Thomas Klingebiel
HSCT in AML: single center experience (10 + 10)	Peter Bader
AML SCT-BFM 2007 (20 + 10)	Martin Sauer
Summary and discussion (30 min)	

20:00 Dinner at the Restaurant León Garcias

Saturday, April 17, 2010

8:00 Business Meeting EWOG-MDS
Business Meeting EWOG-SAA

Session III Chair: Barbara de Moerloose, Marco Zecca

9:00 Refractory Cytopenia

Numbers and mutational analysis (10 + 5 min)	Charlotte Niemeyer, Axel Karow
Update on TCR Vβ repertoire analysis and PNH clones in EWOG-MDS RC-06 (10 min)	Marry van den Heuvel- Eibrink
Interim report on chimerism studies in EWOG-MDS SCT RC RIC-06 (10 min)	Peter Bader
HSCT in RC - selected aspects (10 + 5 min)	Brigitte Strahm
Current practice of stem cell source selection for allogeneic stem cell transplantation in bone marrow failure - A report from EBMT/WBMT- (10 + 5 min)	Ayami Yoshimi

10.05 Coffee break

Session IV Chair: Monika Führer, Franco Locatelli

10.30 EWOG-SAA 2010

Introduction (5 min)	Monika Führer
Phase II study with ATG Fresenius - update (10 min.)	Charlotte Niemeyer
German/Austrian SAA Registry – Update (15 + 5 min.)	Monika Führer
Finally – Proposal of the EWOG-SAA Trial (I – Organisation and IST/BMT Treatment) (20 + 10 min.)	Monika Führer
EWOG-SAA Trial II: Scientific Questions (20 + 10 min.)	Marcin Wlodarski
T-cell repertoire as response predictor in children with SAA - clinical aspects and novel methodological developments (10 + 5 min.)	Arndt Borkhardt
Summary and Discussion (30 min.)	

13.00 Depart

We thank the following pharmaceutical companies for their support:
