

## Research Groups

In Magnetic Resonance Research exist a lot of interesting fields. Therefore we divided our group in several topic related subgroups.

- [AMIR](#) - Animal Molecular Imaging Research Center
- [Advanced Brain Imaging](#) - functional MR methods and their applications
- [Body MRI](#)
- [Cardiovascular MR](#)
- [Diffusion and Perfusion](#)
- [Experimental Radiology](#)
- [INUMAC Project](#)
- [Image Analysis](#)
- [Sequences and Methods](#)
