

The Department of Neurology offers a dedicated in- and outpatient service and contact to rehabilitation for russian speaking patients. Female and male russian doctors take your medical history and assist in examinations in the presence of Prof. Weiller or our specialist consultants on wednesday morning or on special appointments. We charge standard fees according to the usual German tariff ("Gebührenordnung"), as it is used for private patients. You can send requests for out patient consultations via fax to ++49-761-27053100. For all in-patient treatments or for organisation and travel support you should contact International Medical Services (phone +49-761-27019000).
