

Albert-Ludwigs-University Freiburg and the Graduate School of Business and Economics Lahr have been offering a joint postgraduate programme in the area of “Clinical Research Management” (Master of Science) since 1.10.2007. The blended learning postgraduate course prepares its participants for management positions in the area of clinical research. For this reason, it is aimed at managers and future managers in the pharmaceutical industry and in academic research facilities (medical centres), in particular biologists, chemists, pharmacists and physicians. The course involves a combination of distance learning, seminars and online components. The contact hours are held at the WHL.

Current dates and information about the Master of Science in Clinical Research Management can be found on the internet on the pages of the WHL or the Clinical Trials Unit Freiburg. Friederike Mutz, the studies advisor at the WHL is available at any time for a one-to-one interview.
