

**DR. NOOPUR RAJÉ**  
 MASS GENERAL HOSPITAL | BOSTON | USA  
 Dr. Rajé is associate professor at Harvard Medical School and director of the Multiple Myeloma Center at Massachusetts General Hospital, Boston, USA. She heads a translational research program evaluating novel therapeutics in myeloma with a special interest in the biology of myeloma bone disease. Dr. Rajé is also recipient of numerous awards including the Multiple Myeloma Senior Research Award.

**DR. FRANCESCA GAY**  
 UNIVERSITY OF TORINO | ITALY  
 As a leading member of the GIMEMA (Gruppo Italiano Malattie EMatologiche dell'Adulto), Dr. Gay has been principal investigator to various phase II/III trials on relapsed myeloma, many of them highly published in peer-reviewed journals. Dr. Gay is practising hematology at the University of Torino, Italy and is specifically interested in tansplant-related topics.

**DR. HOLGER AUNER**  
 IMPERIAL COLLEGE LONDON | UK  
 Dr. Auner is a Senior Clinical Lecturer and Consultant at the Imperial College London Centre for Haematology. He received his MD from Karl-Franzens University Graz, Austria, where he also trained in Internal Medicine. He is eagerly engaged in EBMT activities. He is a clinical expert on multiple myeloma and amyloidosis. His scientific interest focuses, amongst others, on the role of autologous stem cell transplantation for myeloma.

## MULTIPLE MYELOMA 2017

KEEPING TRACK IN A MULTIFACETED  
 LANDSCAPE OF TREATMENT STRATEGIES

**8th  
 Freiburg Myeloma Workshop 2017**

**SCIENTIFIC MEETING**  
**Wednesday | October 25th**  
**6.00 - 9.00 pm**  
**Großer Hörsaal, Medical Department**

## Welcoming note

Dear colleagues,

following the annual tradition of assembling peer experts at Freiburg University and let them share their insights on advances in multiple myeloma, we are happy to welcome you all to the **8th Freiburg Myeloma Workshop 2017**. Over the last years, substantial advances in the field have steadily improved the outcome of patients suffering from plasma cell dyscrasias. Today's myeloma doctors, both in the clinics and outpatient offices, face difficulties as the options available add up to a whole variety of valuable treatment strategies, including therapies as diverse as autologous and allogeneic stem cell transplantation, antibodies, checkpoint inhibitors and phase I novel agents.

„Multiple Myeloma 2017 - keeping track in a multifaceted landscape of treatment strategies“ is the title of our 2017 meeting. Expert speakers from Boston, London and Turin will share their perspectives on how to conduct individualized and risk-adapted state-of-the-art multiple myeloma treatment. These major talks will be accompanied by additional insights and comments of orthopedists, radiotherapists and hematologists who will illustrate, how interdisciplinary myeloma care is cutting its path to Freiburg and the Black Forest region.

An additional **meet-the-professor** session will be held on **Wednesday, October 25th, 3-5 pm**. This session is open to all colleagues, young scientists and students and provides direct interaction with our outstanding external speakers. A “get-together” reception on Wednesday night will contribute to a hopefully inspiring and enjoyable meeting in Germany's „eco-capital“.

Cordially looking forward to seeing you in October,

Prof. Dr. Monika Engelhardt  
Sektionsleitung Klinische Forschung & ECTU + MM-Programm  
Klinik für Innere Medizin I  
Schwerpunkt Hämatologie, Onkologie und Stammzelltransplantation  
Universitätsklinikum Freiburg

Prof. Dr. Justus Duyster  
Ärztlicher Direktor  
Klinik für Innere Medizin I  
Schwerpunkt Hämatologie, Onkologie und Stammzelltransplantation und  
Klinischer Direktor  
Tumorzentrum Freiburg - CCCF  
Universitätsklinikum Freiburg

## Program

<b>Session I: Interdisciplinarity in myeloma treatment</b> Chair: Ralph Wäsch	
<b>18.00-18.10</b> (5')	<b>Welcome and Introduction</b> Justus Duyster
<b>18.10 - 18.25</b> (2x5+5')	<b>Joint Case report</b> Georg Herget Henning Schäfer <u>Comment:</u> Henning Pelz
<b>18.25 - 18.45</b> (15'+5')	<b>Relapsed Myeloma- the Italian perspective</b> Francesca Gay <u>Comment:</u> Monika Engelhardt
<b>18.45 - 19.00</b> (10'+5')	<b>Risk prediction models, including current projects</b> Sophia Scheubeck Sandra Dold Laura Gengenbach Martin Köhler <u>Comment:</u> Richard Fischer
<b>19.00 - 19.20</b> (15'+5')	<b>Autotransplant- still up to date in the era of novel agents?</b> Holger Auner <u>Comment:</u> Johannes Waldschmidt
<b>Session II: Novel therapy insights</b> Chair: Johannes Waldschmidt	
<b>19.20 - 19.45</b> (20'+5')	<b>Expert perspective on translating preclinical data to daily routine</b> Noopur Raje <u>Comment:</u> Stefan Müller
<b>19.45 - 20.00</b> (10'+5')	<b>Novel insights and treatment strategies</b> Ralph Wäsch <u>Comment:</u> Matthias Zaiss
<b>20.00 - 20.10</b> (2x5')	<b>What to adopt for the daily routine? Comments I + II + closing remarks</b> Matthias Egger Paul Graf la Rosée
<b>20.10.- 21.00</b>	<b>Session end and get-together: snacks &amp; drinks</b>

## Speakers and chairs:

**Dr. Holger Auner**  
Centre for Haematology, Imperial College London

**Prof. Dr. Justus Duyster**  
Klinik für Innere Medizin I, Hämatologie, Onkologie & Stammzelltransplantation, Universitätsklinikum Freiburg

**M.Sc. Molecular Medicine Sandra Dold**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Dr. Matthias Egger**  
MVZ Klinikum Lahr

**Prof. Dr. Monika Engelhardt**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Prof. Dr. Richard Fischer**  
Onkologie 3-Ländereck, Lörrach

**Dr. Francesca Gay**  
Department of Hematology, University Hospital Torino, Italy

**cand. med. Laura Gengenbach**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Prof. Dr. Paul Graf la Rosée**  
Klinik für Innere Medizin II, Schwarzwald-Baar Klinikum Villingen-Schwenningen

**Prof. Dr. Georg Herget**  
Klinik für Orthopädie und Unfallchirurgie, Universitätsklinikum Freiburg

**Dr. Martin Köhler**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Dipl. Pharm. Stefan Müller**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Dr. Henning Pelz**  
Onkologisches Zentrum Offenburg

**Prof. Dr. Noopur Raje**  
Center for Multiple Myeloma, Massachusetts General Hospital Cancer Center, Boston, USA

**Dr. Henning Schäfer**  
Klinik für Strahlenheilkunde, Universitätsklinikum Freiburg

**cand.med. Sophia Scheubeck**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Dr. Johannes Waldschmidt**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Prof. Dr. Ralph Wäsch**  
Klinik für Innere Medizin I, Universitätsklinikum Freiburg

**Dr. Matthias Zaiss**  
Praxis für Interdisziplinäre Onkologie & Hämatologie, Freiburg
