Morning Chair: Prof. Lusine Kocharyan 10:30-10:15 Greetings (Prof. Kocharyan) 10:30-11:15 Greetings (Prof. Kocharyan) 11:10-11:30 Introduction round (Dr. Lange & Prof. Davidyants) 11:30-12:15 11:30-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 12:15-13:00 12:00-12:30 Overview of TB epidemiology, major challenges and successes during the last few years in Armenia (Prof. Davidyants) 12:30-13:00 12:30-13:00 Overview of TB epidemiology, major challenges and successes during the last few years in Armenia (Prof. Davidyants) 13:00-14:00 13:00-14:00 14:00-18:00 Dinner One of the national TB programme in Armenia (Prof. Kocharyan) 10:10-12:15 Doveriew of TB epidemiology, major challenges and successes during the last few years in Armenia (Prof. Davidyants) 14:45-15:30 Dinner One of the national TB programme in Armenia (Prof. Mocharyan) 10:10-12:10 Dinner 10:30-14:00 10:	Travelling Conferences: Overcoming practical challenges in day-to-day clinical tuberculosis care Yerevan, Armenia 28-30 June 2019		Day 2: Organisational and clinical challenges during the implementation of new diagnostics of tuberculosis and comorbidities/differentials in Armenia (open to faculty)		16:00-16:45	Implementation and financing of new diagnostics in TB programs (Dr. Eduard Kabasakalyan)
28 June 2019 Day 1: Introduction tuber culosis diagnosis, care and programmes in Armenia (pen to travelling partners) Morition 10:00-10:15 Greetings (Prof. Kocharyan) 10:00-10:15 Greetings (Prof. Kocharyan) 10:15-10:00 Introduction round (Dr. Lange & Prof. 11:10-11:30 Day 1: Introduction round (Dr. Lange & Prof. 20:10:10:10:10:10:10:10:10:10:10:10:10:10			Morning Chair: Prof. Kadyrov Abdullaat		16:45-17:30	Discussion
Day 1: Introducting tuberculosis diagnosis, care and programmes in Armenia (open to travelling partners) Experience in Armenia with the integration of new diagnostics in integration of new diagnostic in the programme in Armenia (prof. Kocharyan) Day 3: Working on a common research proposal (to travelling partners) 10:00-10:15 Greetings (Prof. Kocharyan) 10:30-11:15 Be aware: Acid fast bacteria that are not integrated for the programme in Armenia (prof. Kocharyan) Team 1: Clinical / epidemiological / programmation to travelling partners) 10:01-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 11:30-12:15 Clinical challenges in differential diagnostic of tuberculosis (Dr. Gulnura) 9:30-10:00 Setting aims for the day (moder per Def. Davidyants) 11:30-12 Overview of the national TB programme in Armenia and Kyrgyzstan (Prof. Kocharyan) External perspective: Novel diagnostic programmes and their role in diagnostic programmes in Armenia and Kyrgyzstan (Prof. Madyrov) 13:00-14:00 Lunch Davidyants, Dr. Lange, Annabelle aims in Team 1 and Team 2 (Prof. Davidyants) 12:00-12:30 Overview of TB epidemiology, major challenges and successes during the indigenses in Armenia (Prof. Davidyants) 14:00-14:45 Impact of new diagn			09:00-09:45			
Day 3: Working on a common research proposal (but ravelling partners) Day 3: Working on a common research proposal (but ravelling partners) Day 3: Working on a common research proposal (but ravelling partners)			09:45-10:30	integration of new diagnostics in	30 June 2019)
10:00-10:15 Greetings (Prof. Kocharyan) 10:30-11:15 Be aware: Acid fast bacteria that are not MTB! (Prof. Wagner) 10:00-10:15 Greetings (Prof. Kocharyan) 10:15-10:00 Introduction round (Dr. Lange & Prof. Davidyants) 11:30-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 11:30-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 11:30-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 11:30-12:15 Overview of the national TB programme in Armenia and Kyrgyzstan (Prof. Kadyrov) 12:30-12:30 Overview of TB epidemiology, major challenges and successes during the last few years in Armenia (Prof. Davidyants) 12:30-13:00 Discussion 12:30-13:00 Discussion 14:40-18:00 Dinner 10:30-14:00 Dinn					Day 3: Working on a common research proposal (open to travelling partners)	
10:00-10:15 Greetings (Prof. Kocharyan) 10:15-10:00 Introduction round (Dr. Lange & Prof. Davidyants) 11:30-12:15 Overview of the national TB programme in Armenia (Prof. Kocharyan) 12:15-13:00 External perspective: Novel diagnostics and their role in diagnostic programmes in Armenia and Kyrgyzstan (Prof. Kadyrov) 12:00-12:30 Overview of TB epidemiology, major challenges and successes during the last few years in Armenia (Prof. Davidyants) 12:30-13:00 Discussion 13:00-14:00 Lunch Afternoon Chair: Prof. Davidyants 14:45-15:30 Connecting patients, clinicians and researchers during the implementation of new diagnostics and its evaluation of new diagnostics and discussion	Morning Chair: Prof. Lusine Kocharyan		10:30-11:15	Be aware: Acid fast bacteria that are not

Participants

Yerevan, Armenia

Prof. Lusine Kocharyan, Head of the National Tuberculosis Control Centre, Ministry of Health

Prof. Mher Davidyants, "Nork" Clinic

Dr. Eduard Kabasakalyan, Lab Network Manager, National TB Control Center

KIGG-TB – Clinical, diagnostic and programmatic challenges in the implementation of new diagnostic methods for tuberculosis in regions of Southern Caucasus and Central Asia

Travelling Conferences: Overcoming practical challenges in day-to-day clinical tuberculosis care

Yerevan, Armenia

Bishkek, Kyrgyzstan

Prof. Kadyrov Abdullaat, Head of NTP, Bishkek, Kyrgyzstan

Dr. Turdumambetova Gulnura, Head of TB Department of Kyrgyz State Medical Institute, Bishkek, Kyrgyzstan

Dr. Kalmambetova Gulmira, Head of NRL, NTP, Bishkek, Kyrgyzstan

KIGG-TB is a collaboration between the University
Hospital, Freiburg, the National Tuberculosis Control
Centre in Yerevan, Armenia and the TB National
Reference Laboratory in Bishkek, Kyrgyzstan

Freiburg, Germany

Prof. Dirk Wagner, Department of Infectious Diseases, Freiburg

Dr. Berit Lange, MSc, Department of Infectious Diseases, Freiburg & Department of Epidemiology, Helmholtz Center for Infection Research, Braunschweig

Annabelle Bockey, MSc, Department of Infectious Diseases, Freiburg

External Participants

Dr. Olena Rzhepishevska, TB Net advocate, Umea University, Sweden

Dr. Lorenzo Guglielmetti, MSF

Funded by:

BMBF

28-30 June 2019

Part of a series of travelling conferences on "KIGG-TB – Clinical, diagnostic and programmatic challenges in the implementation of new diagnostic methods for tuberculosis in regions of Southern Caucasus and Central Asia"
