

*“I think the Summer School has been very fruitful and insightful [...] The humanistic and thoughtful way of organizing the Summer School should be appreciated. Although the Summer School has been planned based on medical matters it has been cross this border and also covered more cultural and social aspects. I would like to thank you again and hope that it will be a start point of more collaboration.”*

*“The program was very interesting for me as a nutritionist. The psychology science and practice was interesting for me.”*

*“Everything was good. It is nice for me to have more opportunities to become familiar with German culture. At the end I acknowledge the DAAD for providing such an opportunity for me.”*

*“I really enjoyed the attendance in this Summer School, but I think it should not be limited to Isfahan. Many powerful possibilities are in all over Iran. This can help the program to be more useful.”*

*„Nun war es natürlich ein Bestreben diese Starre (und Verhaltenheit, wie sie bei dem Aufeinandertreffen zweier konträrer Kulturen aufkommen kann) etwas aufzulockern, indem es zum gegenseitigen Austausch und Kennenlernen kam. Nach meiner Sichtweise ist dies im Besonderen innerhalb der Workshops geglückt. Durch die Gestaltung offene und freie Erfahrungen mit sich selbst und den Kleingruppen zu machen, kam es doch immer wieder zu ganz berührenden Begegnungen (zwischen den Geschlechtern und den Kulturen). Wobei man nicht davon absehen darf, dass dies auch oft ganz neue Begegnungen waren, sodass beide Seiten recht vorsichtig, behutsam und respektvoll miteinander umgegangen sind.“*

*“Having free, save sessions to ask questions related to individual and social pathologies from every persons view point.”*

*“I think there are many similarities between the patients who are admitted to medical centers here and in Iran, so, the ways of therapeutic approach to the patients in Germany was very interesting for me.”*
