PROGRAM

Farewell Meeting –
Peter Stäheli and Hanspeter Pircher

Monday, July 15, 2019

Department
for Microbiology, Virology and Hygiene
Medical Center – University of Freiburg

Venue Lecture Hall,
Hermann–Herder–Straße 11, Freiburg, Germany
Monday, July 15, 2019

08:45 **WELCOME**
HARTMUT HENGEL AND OTTO HALLER

CHAIR: OTTO HALLER

- 09:00 **BERND KASPERS** Tierphysiologie | LMU München
"The bursa of Fabricius, TNF family members and a contribution to virology"
- 09:30 **DAVID VÖHRINGER** Mikrobiologisches Institut | Universitätsklinikum Erlangen
"STAT6-regulated type 2 immunity against gastrointestinal helminths"
- 10:00 **ANDREAS WACK** Crick Institute | London
"Short-term and long-term effects of interferons and influenza on lung immunity"
- 10:30 Coffee Break

CHAIR: HANS HENGARTNER

- 11:00 **STEPHAN EHL** Institut für Immundefizienz | Universitätsklinikum Freiburg
"A novel view on T cell homeostasis in the absence of Fas"
- 11:25 **PETER AICHELE** Institut für Immunologie | Universitätsklinikum Freiburg
"More than cytotoxicity – a role of Syntaxin-11 in T-B-cell cooperation"
- 11:45 **MARTIN SCHWEMMLE** Institut für Virologie | Universitätsklinikum Freiburg
"Major Histocompatibility Complex class II (MHC-II) molecules are cross-species entry receptors for bat influenza viruses"
- 12:15 **HANSPETER PIRCHER** Institut für Immunologie | Universitätsklinikum Freiburg
"Back to the roots"
- 12:45 Lunch Break (Sandwiches and drinks provided)

CHAIR: JOVAN PAVLOVIC

- 14:15 **ANNETTE OXENIUS** Institut für Mikrobiologie | ETH Zürich
„Regulation of antiviral immunity“
- 14:45 **THOMAS MICHIELS** Institut de Duve | Brussels
Small is beautiful: the multiple activities of Cardiovirus leader proteins"
- 15:15 **ANDREAS PICHLMAIR** Institut für Virologie | TU München
"Important factors of the antiviral network: central hub, conserved effector and correct message"
- 15:45 Coffee Break

CHAIR: GEORG HÄCKER

- 16:15 **ROBERT THIMME** Klinik für Innere Medizin II | Universitätsklinikum Freiburg
"The success in studying T cell failure"
- 16:40 **MAIKE HOFMANN** Klinik für Innere Medizin II | Universitätsklinikum Freiburg
"About a (hall)mark in T cell biology..."
- 17:00 **THOMAS BOEHM** MPI für Immunbiologie & Epigenetik | Freiburg
"Discovery of vertebrates lacking adaptive immunity"
- 17:30 **PETER STÄHELI** Institut für Virologie | Universitätsklinikum Freiburg
"Surface protection by Interferon-λ"
- 18:00 Networking and BBQ reception at the Venue
