

# **EuCC 22<sup>nd</sup> ANNUAL MEETING PROGRAM**

**22.05.2015,**

**ETAGE Tagungcenter, Emmy-Noether-Straße 2, 79110 Freiburg im Breisgau**

## **8:30 ARRIVAL AND REGISTRATION**

### **9:00 Introduction**

Prof. Justus Duyster, Prof. Christoph Peters, Dr. Florence Schaffner

### **9:30 SESSION I: EuCC Sites - Key Player Activities, Peer Review Discussion**

Each site is presenting a 15 min talk as an impulse for a special topic. The other sites will each add a 5 min talk followed by about 15 min discussion of the auditorium.

#### **9:30 New developments in imaging neuroendocrine tumours**

Chair: Prof. Alfred Zippelius

- Impulse talk Basel: Prof. Damian Wild, Universitätsspital Basel
- 5min Talk by Freiburg: Dr. Wilfried Reichardt, "New developments of MR imaging in translational oncology"
- 5min Talk Strasbourg: Dr. Julian Garnon, "PET-CT guided ablations of neuroendocrine tumors"
- 15 min discussion, all

## **10:15 – 11:15 Coffee Break + POSTER SESSION I**

### **11:15 Interventional Oncology**

Chair: Prof. Pascal Piedbois

- Impulse talk Strasbourg: Dr. Julien Garnon, NHC Strasbourg
- 5 min talk Basel: Prof. Damian Wild, "Update Radioembolisation"
- 5 min talk Freiburg: PD Dr. Volker Brass, "FTRD - first experience with an innovative endoscopic procedure"
- 15 min discussion, all

### **12:00 Molecular Diagnostics and Liquid Biopsies**

Chair: Prof. Justus Duyster

- Impulse talk Freiburg: Prof. Silke Laßmann, Institute of Surgical Pathology, Prof. Nikolas v. Bubnoff, Internal Medicine I, CCCF
- 5 min talk Basel: PD Dr. Christian Ruiz, "The potential of circulating cell-free tumor DNA"

- 5 min talk Strasbourg: Dr. Julian Garnon, “Laser microscopy during percutaneous biopsies”
- 15 min discussion, all

## **12:45 - 13:45 LUNCH**

### **13:45 SESSION II: Preclinical Tests and Phase I Clinical Trials**

Chair: Prof. Christoph Peters

3 presentations a 15 min talk followed by a 10 min discussion

#### **13:45 JAK1/2 inhibition after stem cell transplantation - preclinical concepts developed into a clinical study**

- Prof. Robert Zeiser, Dep. Internal Medicine I, CCCF

#### **14:10 Refinement of phase 1 trials – the Basel experience**

- Dr. Andreas Wicki, Universitätsspital Basel

#### **14:35 Mouse models of prostate cancer**

- Dr. Daniel Metzger, IGBMC, Illkirch

## **15:00 – 15:30 Coffee Break + POSTER SESSION II**

### **15:30 SESSION III: Cancer Microenvironment, Signaling and Immunology**

Chair: Prof. Gerhard Christofori

6 presentations a 15 min, two from each site, followed by 5 min discussion

#### **15:30 Absence of the extracellular matrix molecule tenascin-C reduces tumor onset and progression in a mouse tumor model of oral squamous cell carcinoma**

Dr. Claudia Spenlé, Inserm U1109, Strasbourg

#### **15:50 Identification of the lymphoma-initiating cell population in a T cell lymphoma mouse model resembling human anaplastic large cell lymphoma**

Dr. Anna Lena Illert, Dep. Internal Medicine I, CCCF

#### **16:10 PTEN represses leukemia dissemination by modulating CCL25 signaling**

Dr. Cornelius Miething, Dep. Internal Medicine I, CCCF

#### **16:30 Tumor-specific CD8+ T-cell responses in patients with hepatocellular carcinoma: Phenotype, function, and clinical importance**

Tobias Flecken, Dep. of Internal Medicine II, CCCF

## **16:50 – 17:05 Coffee Break**

Chair: Prof. Michael Lübbert

**17:05 Development of novel anticancer agents that target prohibitins and the translation initiation factor eIF4a**

Dr. Laurant Désaubry, CNRS-Strasbourg

**17:25 Nintedanib is a highly effective new therapy of pancreatic neuroendocrine tumors**

Dr. Ruben Bill, Dep. of Biomedicine, University of Basel

**17:45 Engagement of Siglec-9 by cancer-associated ligands as novel target for cancer immunotherapy**

Dr. Heinz Läubli, Dep, of Biomedicine and Division of Oncology, University Hospital Basel

**18:15 Paul Basset Award** for the best presentation / posters by young scientists (<35 years)

**18:30 End of the meeting**
