

OPEN CALL OF THE CANCÉROPÔLE DU GRAND-EST: YOUNG RESEARCHER CROSS BORDER MOBILITY FELLOWSHIP

Aim: fostering transborder collaboration between Belgium, Luxembourg, Germany, Switzerland and young researcher from the Cancéropôle du Grand-Est.

This mobility fellowship is directed toward young researchers: PhD students, Post-doctoral and medical fellows. The goal of this fellowship is to help build new and innovative international projects and collaborations, or strengthen existing ones. Emphasis is put on expertise and good practice exchange, technology development or use of an exquisite technology... The fellowship is for a short-term exchange (up to 3 months) and can cover commodities such as transportation and housing, but no salary.

● **Eligibility:**

- Candidate: PhD student, Post-doctoral or clinical fellows.
- French candidates must belong to a laboratory within the Cancéropôle du Grand-Est. The host laboratory has to be in one of the following area: Wallonia for Belgium; Luxembourg; Rhineland-Palatinate, Saarland or Baden-Wurtemberg for Germany; canton Vaud, Neuchatel, Jura, Basel in Switzerland.
- For foreign candidates, the host laboratory has to be located within the Cancéropôle du Grand-Est (Alsace, Burgundy, Champagne-Ardenne, Franche-Comté, and Lorraine).

● **Documents:**

- Motivation letter from the candidate and its CV
- The goals of the exchange: how and why the exchange will contribute to the development of the candidate's research project? What are the expected outcomes for the laboratory? (2 pages maximum)
- Support letter from the host laboratory
- Length of stay
- Nature of expenses: transportation, housing (up to 100 euros/night), food (up to 40 euros/day)
- Previous or ongoing requests to another funding agency for the same project (Marie-Curie or else...)

The maximum allowance will be of 2500 euros. Invoices for reimbursement will have to be sent to the Cancéropôle du Grand-Est within 2 months after the end of the exchange.

At the end of the exchange the recipient will provide a report of his/her activity to the Cancéropôle du Grand-Est explaining the beneficial results of the exchange.

The recipient should acknowledge the support of the Cancéropôle du Grand-Est in any communication related to the work supported by this fellowship.

The recipient is also strongly encouraged to present their work during the annual Forum of the Cancéropôle du Grand-Est.

Completed application can be submitted year around to the Cancéropôle du Grand-Est, at least 2 months before the start of the project.
