

Publikationsliste von Frau Dr. K. Kieselbach (geb. Münkkel)

Schlegel J, Vogt T, **Münkkel K.**, Rüschoff J

DNA fingerprinting of mammalian cell lines using nonradioactive arbitrarily primed PCR (AP-PCR)

Biotechniques, 20 (2): 178 – 80, 1996

Münkkel K, Stark A, Bortolussi G, Eifert B, Kunze St, Schlegel J

Expression levels in human glioblastoma cells of the cell cycle regulators ATM, p53 and downstream effectors give insights into the pivotal role of p53

J Cancer Res Clin Oncol, 123 (Suppl 1) S1 - S48, 1997

Stark A, **Münkkel K**, Bortolussi G, Eifert B, Kunze St, Schlegel J

Expression levels of the p53 cascade and its regulatory loop give mechanistic insights into the development of de novo versus secondary human glioblastoma

J Mol Med 75, 1997

Schlegel J, **Muenkel K**, Trenkle T, Fauser G, Rüschoff J

Expression of the ERBB2/neu and neurofibromatosis type 1 gene products in reactive and neoplastic schwann cell proliferation

Int J Oncol 13 (6): 1281 - 84, 1998

Kraus A, Neff F, Behn M, Schuermann M, **Muenkel K**, Schlegel J

Expression of alternatively spliced mdm2 transcripts correlates with stabilized wild-type p53 protein in human glioblastoma cells

Int J Cancer, 80 (6): 930 - 34, 1999

Haag P, **Münkkel K**, Meinck HM

Late myelopathy after chemonucleolysis. Case report and review of the literature.

Spätmyelopathie nach Chemonukleolyse

Nervenarzt, 70 (10): 920 - 23, 1999

Hähnel S, **Münkkel K**, Jansen O, Heiland S, Reidel M, Freund M, Aschoff A, Sartor K

Magnetization Transfer Measurements in Normal-Appearing Cerebral White Matter in Patients with Chronic Obstructive Hydrocephalus

J of Computer Ass Tomogr, 23(4): 516 - 20, 1999

Hartmann M, Jansen O, Heiland S, Sommer C, **Münkkel K**, Sartor K

Restricted diffusion within ring- enhancement is not specific for Brain abscess

Am J Neuroradiol, 22 (9): 1738 - 42, 2000

Hähnel S, Freund M, **Münkkel K**, Heiland S, Jansen O, Reidel M, Sartor K

Magnetization transfer ratio is low in normal-appearing cerebral white matter in patients with normal pressure hydrocephalus

Neuroradiology, 42 (3): 174 - 79, 2000

Münkkel K, Neher M, Rasche D, Hashemi B, Aschoff A

Complications of ICP - monitoring. A metaanalysis of 14.500 cases.

51. Jahrestagung der Deutschen Gesellschaft für Neurochirurgie

Zentralbl Neurochir Heidelberg, 2000, Sonderausgabe.

Kraus A, Gross M, Knuechel R, **Muenkel K**, Neff F, Schlegel J

Aberrant p21 Regulation in Radioresistant Primary Glioblastoma Cells bearing Wild Type p53

J Neurosurg, 93 (5): 863 - 72, 2000

Tronnier VM, Fogel W, Krause M, Bonsanto MM, Tronnier J, Heck A, **Münkel K**,
Kunze S. High frequency stimulation of the basal ganglia for the treatment of movement
disorders: current status and clinical results. Minim Invasive Neurosurg. 45 (2): 91-6, 2002
