MULTIPLE
MYELOMA
MEETING

2025

**IMMUNE
THERAPIES IN MM:**
MOVING FORWARD

WEDNESDAY,
NOVEMBER 12th

HYBRID-EVENT

**16th FREIBURG MYELOMA
WORKSHOP 2025**

**16th FREIBURG MYELOMA
SCIENTIFIC MEETING: 3.00 – 9.00 pm**

Location: Virtual + Live Meeting,
Großer Hörsaal Medizinische Klinik

WELCOME NOTE

Dear Colleagues,

following the practice of assembling outstanding experts at Freiburg University annually, to let them share their insights on advances in multiple myeloma (MM), we are very happy to welcome you all to the **16th MM Meeting 2025**. Over the last years, remarkable advances in the field have steadily improved the outcome of patients suffering from plasma cell dyscrasias. Myeloma physicians, both in the clinic and outpatient office, face challenges as the options available add up to a whole variety of valuable treatment strategies.

„16th MM Meeting 2025: Immune therapies in MM: Moving forward“ is the title of our 2025 workshop meeting, which is a live Hybrid meeting again.

We have invited worldwide eminent authorities from the US, Austria and Germany, who will - with UKF experts plus commentary guests - share their data with us in straightforward discussion rounds.

Therewith, we will cover new treatment modalities in MM, will solve, where the future in MM evolves to, what are current, worldwide trials from the US and Europe and pending solutions needed for this disease.

Cordially looking forward to seeing you during this meeting in November 2025.

Prof. Dr. Monika Engelhardt
Sektionsleitung Klinische Forschung
+ MM-Programm | UKF

Prof. Dr. Justus Duyster
Ärztl. Direktor Med 1 und
Klin. Direktor CCCF

Prof. Dr. Ralph Wäsch
Sektionsleitung Medizinische Zell-
therapie & Zellforschung SMZZ,
MM Programm | UKF

Albert-Ludwigs-University Freiburg, Faculty of Medicine,
represented by University Medical Center of Freiburg,
Hematology, Oncology & Stem cell transplantation

Scientific committee:

Prof. Dr. Monika Engelhardt, Prof. Dr. Ralph Wäsch,
Dr. Laura Gengenbach, Dr. Michael Rassner, Marius Niewald,
Dr. Cornelius Miething, Dr. Jan Kus, PD Dr. Christine Greil,
Dr. Max Schinke, Dr. Heike Reinhardt, Magdalena Braun,
Hanna Löffler

Organisation:

Communication Department |
Event Management

I) FLASH TALK SESSION: 15 – 17 h

15 – 17 h	FLASH TALK SESSION	Chair: Prof. Dr. Maria Krauth, Vienna Dr. Michael Rassner, PD Dr. Christine Greil, Jan Kus, Dr. Henning Schäfer, UKF	
PRECLINICAL PROJECTS			
1	Kirstyn Crossley	UKF Med 1	Oncostatin M puts CD38 in the spotlight: implications for multiple myeloma therapy
2	Michael Rassner	UKF Med 1	Personalized medicine approaches within molecular TB CCCC
3	Niloufar Mohammadkhani, Andreas Frodl, Tanja Hartmann	UKF Med 1 + orthopedics	Bone microenvironment in MM
4	Nina Schlosser, Derya Steenbuck/ Oliver Schilling	UKF Pathology + Cardiology	Proteomics study in healthy volunteers, multiple myeloma and amyloidosis pts: significant differences and ways for better diagnostics?
5	Jakob Neubauer	UKF Radiology	Structured radiology: Body Composition projects
CLINICAL PROJECTS			
6	Hanna Löffler, Magdalena Braun, Heike Reinhardt	UKF Med 1	Vision of Draining the Data Swamp of ChemoCompile – Opportunities and Challenges in the Development of an Analysis Tool
7	Marie Böttger	UKF Med 1	CAR-T-cell outcome Ide-cel and Cilta-cel
8	Pauline Sauerborn	UKF Med 1	Choosing the right immunotherapy: does the use of the R-MCI influence the use of ADC, BITEs and CAR-T-cells?
9	Sina Wenger	UKF Med 1	Dental study on ONJ avoidance
10	Marius Niewald	UKF Med 1	AL-Amyloidosis screening via fat-pad biopsy and -aspiration and implication for therapy, including CAR-T cells
11	Carlotta Pietsch, Georg Herget	Orthopedics, traumatology	Do CRAB criteria predict the progression of myeloma bone disease in follow-up patients?
12	Patrick Marschner	iOMEDICO	Clinical trial update Iomedico: MM
13	Antonia Egert, Marcel Knüttel, Julian Rapp, Max Schinke, Dominik Marschner, Stephan de Bra	UKF Med 1	Index MM pts with rare MM and/ or therapy-induced phenomena: intracerebral EM MM and bilateral facial palsy after CAR-T-cells with in each review of the literature
 Break: snacks and drinks I			

II) PROGRAM 16th MM WORKSHOP: 18 – 21 h

18.00 – 18.05	Justus Duyster Monika Engelhardt	UKF	Welcome and Introduction
SESSION I: TACKLING IMMUNOTHERAPIES Chair: Laura Gengenbach, Maximilian Schinke, Monika Engelhardt			
18.05 – 18.30	Niels Weinhold	UK Heidel-berg	The biology of bone marrow independent disease in MM
18.30 – 18.55	Andrea Schmidts	Tu Munich	Tackling resistance to CAR-T cell therapy in MM
18.55 – 19.10	Ralph Wäsch + Monika Engelhardt	UKF Med 1	Pro/contra session: Best time to give CAR-T cells, BiTEs and ADCs: frontline, 2nd or beyond: pro early: RW, contra: ME (each 5')
 Break: snacks and drinks II			
SESSION II: NOVEL STRATEGIES Chair: Maria Krauth, Paul la Rosee, Ralph Wäsch			
19.30 – 20.00	Surbhi Sidana	Stanford, USA	Possibilities and challenges of immunotherapies in MM: the US perspective
20.00 – 20.15	Patrick Marschner, Freiburg Thomas Fietz, Singen Robin Benkelmann, Konstanz Dominik Schnerch, Villingen Henning Pelz, Offenburg + all virtual participants	Open discussion	What to adopt for the daily routine? Comments + learning remarks
GET TOGETHER / FINAL DISCUSSION BREAK-OUT SESSION			

SPEAKERS AND CHAIRS (in alphabetic order):

„HALL OF FAME“ OF PRIOR MM-WORKSHOP SPEAKERS IN FREIBURG

INTERNATIONAL (USA)

Robert Kyle, Mayo Clinic, Rochester
Keith Stewart, Mayo Clinic, Rochester
Angela Dispenzeri, Mayo Clinic, Rochester
Shaji Kumar, Mayo Clinic, Rochester
Brian Durie, LA
A Kareem Azab, St. Louis
R David Roodman, Pittsburg
Ola Landgren, Miami
Noopur Raje, Boston
Ashley Rosko, Ohio State
Sagar Lonial, Atlanta
Vincent Rajkumar, Mayo Clinic, Rochester
Ajai Chari, NY → San Francisco
Paul Richardson, Boston

INTERNATIONAL (EUROPE)

Heinz Ludwig, Vienna, Austria
Francesca Gay, Turin, IT
Pierfrancesco Tassone, Magna Graecia, Catanzaro, IT
Marvi Mateos, Salamanca, Spain
Bruno Paiva, University of Navarra, Spain
Evangelos Terpos, Athens, Greece
Gareth Morgan, London, UK → Little Rock → NY
Holger Auner, Lausanne, Switzerland
Michel Delforge, Leuven, Belgium
Niels van de Donk, Amsterdam, NL
Mihaela Zlei, Iasi, Romania
Thierry Facon, Lille – France
Herve Avet-Loiseau, Toulouse – France
Gordon Cook, Leeds
Martin Kaiser, London
Philippe Moreau, Nantes

NATIONAL (GERMANY)

Hermann Einsele, Würzburg
Stefan Knop, Würzburg → Nürnberg
Michael Hudecek, Würzburg
Hartmut Goldschmidt, Heidelberg
Marc Raab, Heidelberg
Markus Munder, Mainz
Katja Weisel, Tübingen → HH
Claudia Lengerke, Basel → Tübingen
Georgia Schilling, HH → Sylt
Andreas Neubauer, Marburg
Annamaria Brioli, Jena → Hannover
Jan Krönke, Charite Berlin → Greifswald
Leo Rasche, Würzburg
Florian Basserman, Munich

With sincere gratitude for the highly fruitful discussions and our international interaction, collaborations and joint projects.

REGISTER FOR PARTICIPATION IN THE MYELOMA WORKSHOP

The **Myeloma Workshop 2025** is an hybrid live event.
Participation is possible on site and online and is free of charge.

Please register at:
