

SMARtCARE Data Request for Publication Purposes

Please use one form per planned scientific manuscript. Your request will be evaluated by the SMARtCARE steering committee. Meeting dates of the Steering Committee are published on the SMARtCARE website. Please submit at least two weeks in advance to be considered. If you have any questions concerning the use of SMARtCARE data, please do not hesitate to contact the SMARtCARE team.

Project title

Applicant

Please provide name, centre and email address.

Research project

Background and rationale

Objective

Population of interest

Please describe inclusion and exclusion criteria for the patient cohort of interest as detailed as possible (e.g. age, motor function at baseline, treatment, intervention, country). If you plan to compare different cohorts, please describe each group separately.

Primary endpoint

Please list the primary endpoint for your research question. Make sure that your endpoints are collected within the SMARTCARE registry.

Secondary endpoints

Study design and statistical analysis

Please describe your statistical methods (e.g. pre-post comparison, group comparison) or attach a statistical analysis plan (SAP)

Participating centres

As a network, we encourage to include all SMARTCARE centres that can contribute patients according to the selection criteria. If you plan a project with specific centres, please provide a reason and list the centres here. If you plan to include data generated outside the SMARTCARE network, please provide details.

Authorship

One representative per contributing site, members of the steering committee and the SMARTCARE study group should be listed as authors. Please suggest first and senior author here and any additional authors you would like to include.

Please send this proposal via email to smartcare@uniklinik-freiburg.de. Your proposal will then be evaluated during the next meeting of the SMARTCARE Steering Committee. Afterwards, we will provide you with the decision of the Steering Committee. You can find further information on the proposal procedure on our website: <https://www.uniklinik-freiburg.de/smartcare-en/for-participating-centres/publication-requests.html>
